

**It was 5 years ago that we had our 1<sup>st</sup> child  
Returning to work, just the thought sent us wild  
So where do you start finding someone you trust  
I'll phone up some Nursery's as a carer is a must**

**A visit to Chrysalis was shortly after booked in  
How kind and so friendly, our hearts they did win  
1<sup>st</sup> drop off is daunting but comfort was there  
Our child seemed so happy, no need to despair**

**2 years had gone by when our daughter arrived  
So simple this time we knew what was right  
The ever amazing, Chrysalis nursery we used  
They are all kind and caring and keep us amused**

**4 years have gone by and on Chrysalis we depend  
They are part of our life and of course are our friend  
But the sad day has come when we need to say goodbye  
Our children have flourished and are moving on in life**

**We want to say Thank you to people so dear  
You have supported us immensely we want you to hear  
You have given more comfort than you could ever know  
With tears but fond memories it is now time to go**

**With Thanks - Parents of Connor and Libby Y**
