

# A Big Bee Adventure at Chrysalis!

A swarm of bees circled the nursery one evening on Monday 13<sup>th</sup> June.

It settled into a tree just at the side of the car park - much to our consternation!

Having researched the problem, Bernard the Bee Keeper was called first thing on Tuesday morning.

He worked his magic and collected all the bees to be taken to his hives in the his garden in Rudheath.

Needless to say, we kept the children away, but staff took photos and we told the children all about it.

We have made a lovely book to pass around. The children were very interested and funnily enough - very knowledgeable - due to having watched "The Bee Movie!"
