

Apple Day

What a fantastic time the children had on October 21st when they all came to nursery dressed in 'apple colours' (optional) holding their apple.

Throughout the day little people could be seen with baskets in tow looking for apples strategically placed around the nursery.

The Caterpillar babies had a wonderful time hiding in boxes, crawling through tunnels and huge amounts of shredded paper looking for apples. They also found to print with them using shades of green and red as as finding time to eat and sleep!

time
well

The Cocoon children made apple crumble and Oh! What a joy to see as they each had their own bowl and ingredients. Carefully they stirred and rubbed in the ingredients while Julie peeled and cut the apples up. Luckily there was still enough crumble mixture left to put on top of the apples after Naomi L, Ben F, Tyler I, Josef D, Ruby P, George P, and Emily D had a taste. They also painted apples, hid them in the 'dark den' and rolled them to their friends.

Little Butterflies went apple crazy, they had apple rolling, apples in the water tray, play-dough in shades of red and green as well as finding time to eat them.

Big Butterflies counted and sorted the apples, made choices and tasted them, made apple tea in the water trough with the tea-sets and teapots, drew their own apples, plus lots lots more!

Through-out the nursery the children constructed with shades of red and green Primo, Duplo, and Lego and made some amazing works of art.

To top the day off, Carol our cook made a delicious dinner of roast pork and all the trimmings and **not** forgetting the apple sauce.

Pudding was yes you've guessed apple crumble.

MMMMMMMMMMMMMMMM

All this learning through play with yummy apples!
